PURPOSE

Roosevelt Medical Center (RMC) is committed to providing access to emergency and medically necessary affordable healthcare services to all patients regardless of their ability to pay. RMC intends, with this policy, to establish a process for use in circumstances in which Financial Assistance, compliant with all federal, state and local laws, shall be offered to those receiving services who have an inability to pay. The policy addresses:

- Patient Notification of Financial Assistance;
- Financial Assistance Eligibility Criteria;
- Instructions for Applying for Financial Assistance;
- Determination and Patient Notification;
- The method of calculating amounts charged to individuals who qualify for assistance under this policy;
- Measures to widely publicize the policy.

SCOPE

This policy applies to all emergency and medically necessary inpatient and outpatient services provided to patients who qualify for assistance in accordance with the terms and conditions listed in this policy. A determination of qualification of Financial Assistance will cover services provided by RMC on an inpatient and outpatient basis. For these purposes, the policy also covers the rendering of professional services by physicians and other providers employed or contracted by RMC, as listed on the "Providers Providing Care at RMC Covered by this Policy" document. Any other physician or provider of care at RMC are not subject to this policy and each patient will be responsible for satisfaction or resolution of any bills issued by such physicians or providers for their professional services.

RMC will provide health care services to individuals that are in need of emergency or medically necessary care, regardless of the ability of the patient to pay for such services and regardless of whether such patients may qualify for Financial Assistance under this policy.

RMC will not engage in any actions that discourage individuals from seeking emergency medical care, such as by demanding that emergency department patients pay before receiving treatment or by permitting debt collection activities in the emergency department or other areas where such activities could interfere with the provision of emergency care on a non-discriminatory basis.

Any services that are deemed as not Medically Necessary are not eligible for Financial Assistance.

DEFINITIONS

Medically Necessary Health Care Services: Any inpatient or outpatient hospital service, including pharmaceuticals or supplies provided by a hospital to a patient, covered under Medicare. Medically necessary services do not include, but are not limited to: (i) non-medical services such as social and vocational services; (ii) elective cosmetic surgeries (for these purposes, plastic surgery procedures designed to correct disfigurement caused by injury, illness, or congenital defect or deformity are not considered "elective"); or (iii) Long Term Care.

Amounts Generally Billed (AGB): The amounts generally billed for emergency or Medically Necessary Health Care Services provided to patients who have insurance. AGB will be determined annually by using a 12 month measurement period utilizing the look back method.

Eligibility Period: The period during which RMC will accept and process Financial Assistance applications. This period will be from the date of service until 240 days after RMC provides the patient with the first billing statement for the care provided.

Extraordinary Collection Actions: Those actions that RMC may take in the event of non-payment following the expiration of the notification period. These may include referral to an external collection agency, the reporting of adverse information about the individual to consumer credit reporting agencies or credit bureaus, garnishment of an individual's wages, and/or commencement of a legal civil action against an individual.

Financial Assistance: Either full or partial reduction in charges to patients for emergency or Medically Necessary Health Care Services, in the case of patients who have qualified for Financial Assistance, Medically Indigent, or are Presumptively Eligible as those terms are defined in this policy. Financial Assistance does not include bad debt or contractual shortfalls from government programs, but may include insurance co-payments, deductibles, or both.

Medically Indigent: A Patient who's medical or hospital bills after payment by a third-party payer exceed 50% of the patient's annual family income, and who is financially unable to pay the remaining bill. A patient who incurs catastrophic medical expenses is classified as medically indigent when payment would require liquidation of assets critical to living or would cause undue financial hardship to the family support system.

Notification Period: The period of time during which RMC will make every reasonable effort to inform the patient of the availability of financial assistance under this policy prior to initiating extraordinary collection actions. This period shall be from the date of service until 120 days after RMC provides the patient with the first billing statement for the care provided.

Patient(s): The person who RMC provides services and/or the person who is legally responsible for payment for such services.

Presumptively Eligible: A patient who has not submitted a completed Application for Financial Assistance, but who nonetheless is subject to one or more of the following criteria:

- Homeless
- Deceased with no estate
- Mentally incapacitated with no one to act on his or her behalf
- Medicaid eligible, but not on the date of service or for non-covered services
- Incarceration in a penal institution

RMC's business office staff or CFO will routinely review the foregoing criteria with patients, before asking patients to complete the Application for Financial Assistance. RMC may also utilize other software programs or automated systems to determine presumptive eligibility.

Patients who meet any of the foregoing criteria for presumptive eligibility will be deemed to be eligible for a 100% discount, and will not be asked or required to submit an Application for Financial Assistance.
